"Counselling means so much to me. I make sure my students receive nothing but the best."

"During my credit transfer to UNISA for my final year of study, I had to do everything by myself as I did not receive any proper guidance or counselling. It was not easy. Upon completion of my studies in Australia, I returned to Malaysia and was given the opportunity to be an education counsellor in one of the private institutions.

Owing to my personal experience of not having received proper counselling during my early days, I told myself that whenever a student came to see me for counselling, I will provide as much information as possible and help them realize their dream in pursuing their desired university/course and have a pleasant study abroad experience. Till this date, I make sure my students receive nothing but the best.

Counselling means so much to me and I am indeed proud of my work. My heart feels full when students keep in touch with me. I brim with pride when I see my students graduating successfully and working in reputable companies, either overseas or in Malaysia."

"I don't just counsel, I live their dreams with them. I live a dream, every single time a student goes to their preferred university."

Patience, perseverance and my passion towards helping the students is what makes it easier for me. Student satisfaction and watching them grow in life gives me utmost satisfaction and this is our ultimate goal at AECC Global.

For me, helping out students is just not limited to applications and processes, I live a dream every single time a student goes to their preferred university.

I don't just counsel, I live their dreams with them.
